**Apex Predator, Mary Jane**Selected by: **JACKIE KOO, JENNIFER SCANLAN**

I am interested in this piece because it evokes a visceral reaction. By fusing natural, primal and at times violent objects (teeth) with the ready-made and associated with the innocence and nostalgia of feminine childhood (Mary-Jane's), the artists create an uncomfortable, repulsive tension. -Jackie Koo

I like the vicious, sexy, surrealist look of these. -Jennifer Scanlan
